## ● ABOUT ME

A dedicated Software Engineer with one year experience looking forward to acquiring more tech skills, growing and making a great impact in the tech space. Also passionate about impacting knowledge, growth in the society having great listening and administrative skills.

## ● WORK EXPERIENCE

03/2023 – 08/2023 Lagos, Nigeria

**SOFTWARE DEVELOPER** SAIL INNOVATION LAB (TRAINEE)

- Participated in a team project to build a learning management system (LMS) which is scalable and well integrated.
- Modularized and refactored the codebase to make it more readable and clean.
- Created mongo database thereby creating endpoints
- Validated the endpoints before transferring to frontend developers
- Created a simple single pager commercial web application using Html, CSS and JavaScript.
- Utilized Html, CSS and JavaScript to create a responsive landing page.
- Maintained graphical standard throughout the project

10/2022 – 11/2022 Lagos, Nigeria

**FRONTEND DEVELOPER** ZURI COHORT BOOT CAMP (TRAINEE)

- Created an alumni school website using Html, CSS in a team project.
- Used GIT and GITHUB to build and share data
- Collaborated with my team to designers and developers to ship in new features using the best practices.
